OVERVIEW

Motivated and results-driven developer solely focused on skills enhancing practices, Having created a strong foundation in Javascript, he is now focused on ReactJS, a popular library of Javascript widely and popularly used for creating web applications for commercial purposes. Along with frontend, he is also proficient in creating RESTful Apis for the same!

KEY SKILLS

JAVASCRIPT

- Node JS
- Express JS
- React JS
- Multer

DATABASE

- My-SQL
- Sequelized ORM
- Mongo-DB
- REST Apis

REACT

- Styled Components
- Material UI
- Framer Motion
- React Router DOM

TOOLS

- AWS
 - Microservices
 - Postman
 - Git/Github
-

PROJECTS

FitClub

[Github Link](#)

React JS, Framer Motion, Tailwind CSS, React Scroll, Email JS

Developed and Implemented a Frontend-interface for an application focused on Body-building Individuals.

Expense Card

[Github Link](#)

React JS, CSS, Material UI

Developed and Implemented a Frontend-interface for Daily expense management!

Flight Search and Booking App

[Github Link](#)

JavaScript, Nodejs, Express Js, RabbitMQ, Postman

Developed and implemented a microservice based architecture using My-SQL, along with other SQL tools like sequelize-ORM, Node JS, and also created RESTFUL Apis for the interaction with the database.

Twitter Platform

[Github Link](#)

JavaScript, Nodejs, Express js, MongoDB, Postman

Developed and implemented a microservice based architecture (cloning the database architecture of Twitter) using MongoDB as the Foundational Database, completed using ExpressJS and NodeJS as the data-processing tools on the backend. Developed RESTful-Apis for the server to interact with outside world.

Blog App

[Github Link](#)

JavaScript, Nodejs, Express js, MongoDB, Postman, Multer

Developed and implemented a backend service for a small blog platform, created RESTful APIs for interaction with outside world, simple Plug-and-play interface!

EDUCATION & CERTIFICATIONS

Bachelor of Technology (Computer Science)

College: Madhyanchal Professional University
Bhopal, India

Diploma in Computer Science

College: Jamia Millia Islamia
New Delhi, Delhi
